

# Automation Anywhere

Automation Anywhere empowers people to focus on the work that makes their companies great with robotic process automation that automates virtually anything.

The company believes that people who have time to create, think, and discover to build great companies. That's why Automation Anywhere is dedicated the last decade to drive the adoption of robotic process automation technology in leading Financial Services, Healthcare, Technology, and Insurance companies—to name a few—across more than 90 countries. Its intelligent process robots transform the way businesses operate, delivering complex business and IT work across a range of processes including procure-to-pay, quote-to-cash, HR administration, claims processing, and thousands of other front and back-office processes.
