

Qumulo

Qumulo is an American data storage company based in Seattle, Washington. Founded in 2012, it offers products and services to help other companies manage and curate large amounts of data. Qumulo Hybrid Cloud File Storage delivers real-time visibility, scale and control of data across on-prem and cloud. Qumulo customers understand storage at a granular level; programmatically configure and manage usage, capacity and performance; and are continuously delighted with new capabilities, 100% usable capacity and direct access to experts.
