OVERVIEW

Foodly is seeking **\$10,000** to develop a **blockchain-powered** platform to provide a complete produce **traceability** across the supply chain.

Our product will disrupt the food industry by promoting **transparency** and **credibility** in the entire supply chain from farm to table, providing **assurance** to consumers about the **freshness** of their food while ensuring compliance with **laws and regulations**

FOOD INDUSTRY SUPPLY CHAIN

RESTAURANT

GROCERY STORE

DELI/CAFE

VENDING MACHINES

MOBILE VENDORS

OPPORTUNITY

According to FAO, by 2030 the global food wastage will reach \$1.5 trillion that will put forth a **\$700 billion opportunity**, mostly focused on optimizing the **supply chain**.

The ~\$700 Billion Opportunity

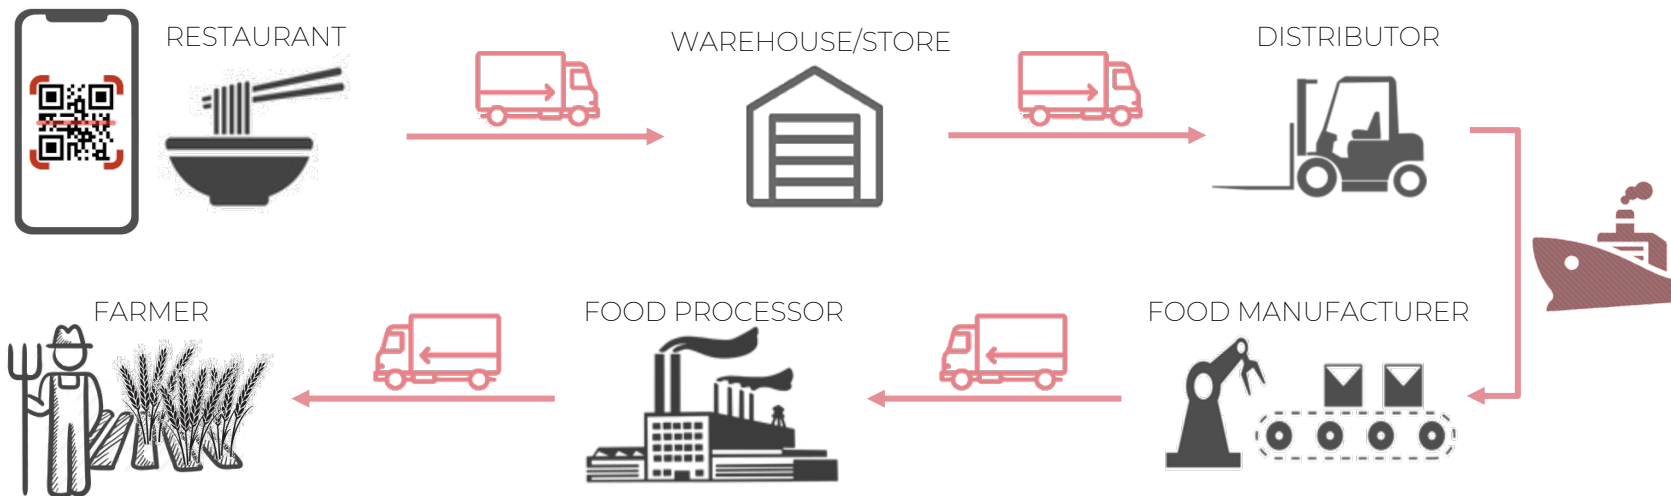

CONSUMER AWARENESS: SUPPLY CHAIN LATENCY FOR FRESH PRODUCE

SOLUTION

Our ultimate goal is to create a platform that will provide more **transparency** and **credibility** in the supply chain of the produce from farm to table.

TRANSPORTATION PERFORMANCE CAN BE OPTIMIZED: FOOD CAUSING **FOOD-BOURNE ILLNESSES** CAN BE EASILY **TRACED** AND BATCHES **TRACKED** AND **DESTROYED**, WHILE ENSURING COMPANIES ARE IN **COMPLIANCE**

REVENUE MODEL

Foodly will charge a fee to all the participating members in the supply chain network to use the platform.

SCALABILITY: Foodly's business model can be a game changer in various industries.

- **Trace** ingredients/fabrics ensuring they were **ethically** sourced (eco-friendly)
- Ensure products were manufactured in **law-complaint** facilities (no sweatshops/animal testing)
- Provide assurance on **authenticity** of products
- **Predictive** analysis for inventory checks and sale volumes, consumer trend, etc.
