Jin Jiang Hotel (600754, SH)

## ❖ Target Audience:

Students from high school or vocational college who intend to obtain bachelor's or master's degree education

## ❖ Project Content

- Provide creditable overseas education program for the students who lost opportunity to attend university
- Provide professional curriculum lectured by both degree-granting body and industry recruiter
- Job Offers guaranteed for those who pass the compulsory training section

# Social Benefits

## For Students

- Acquire newest industry insights from company insiders and university professors
- Practical curriculum consist of real case study and internship which help students become qualified candidates for recruiter
- Graduates who pass the course will be guaranteed employment from Featured Employers

## For Recruiter

- Train target employees in advance according to the actual needs of the enterprise
- The huge cost of training new staff has shifted to student tuition fees
- Customized training programs can help increase employee retention

## For Education Industry

- Change the negative social reputation of vocational education in China, which was generally regarded as compelling choice for students with poor academic performance
- Greatly improve the employment rate of vocational colleges and the employment quality of students
