

Reddit

Reddit is a platform for online communities to submit links, create content, and have discussions about whatever topic that interests them. Users can post links to content on the web and then the other users can vote the posted links up or down, causing them to appear more or less prominently on the site's home page. The posts on the site are classified under topics such as random, gadgets, sports, gaming, pics, videos, music, funny, movies, books, history, food, philosophy, television, jokes, art, and more. Reddit also includes several topical sections called subreddits, which focuses on specific topics, including programming, science, and politics. Offered at \$19.47/share
